Log of Work-Related Injuries and Illnesses

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

You must record information about every work-related death and about every work-related injury or illness that involves loss of consciousness, restricted work activity or job transfer, days away from work, or medical treatment beyond first aid. You must also record significant work-related injuries and illnesses that are diagnosed by a physician or licensed health care professional. You must also record work-related injuries and illnesses that meet any of the specific recording criteria listed in 29 CFR Part 1904.8 through 1904.12. Feel free to use two lines for a single case if you need to. You must complete an Injury and Illness Incident Report (OSHA Form 301) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a case is recordable, call your local OSHA office for help.

U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

This *Injury and Illness Incident Report* is one of the first forms you must fill out when a recordable work-related injury or illness has occurred. Together with the *Log of Work-Related Injuries and Illnesses* and the accompanying *Summary*, these forms help the employer and OSHA develop a picture of the extent and severity of work-related incidents.

Within 7 calendar days after you receive information that a recordable work-related injury or illness has occurred, you must fill out this form or an equivalent. Some state workers' compensation, insurance, or other reports may be acceptable substitutes. To be considered an equivalent form, any substitute must contain all the information asked for on this form.

According to Public Law 91-596 and 29 CFR 1904, OSHA's recordkeeping rule, you must keep this form on file for 5 years following the year to which it pertains.

If you need additional copies of this form, you may photocopy and use as many as you need.

1904.29 - FORMS

Employers must enter each recordable case on the forms within 7 calendar days of receiving information that a recordable case occurred

1904.30 – MULTIPLE BUSINESS ESTABLISHMENTS

- Keep a separate OSHA Form 300 for each establishment that is expected to be in operation for more than a year
- Each employee must be linked with one establishment
- Employers do not have to have an OSHA 300 Log if the employment was less than 10 throughout the entire calendar year for the entire firm. However, if one terminal has 7 employees and another terminal has 5 employees that would be 12 and both locations would need an OSHA 300 Log.

1904.31 – COVERED EMPLOYEES

- Employees on payroll
- Employees not on payroll who are supervised on a day-to-day basis
- Temporary help agencies should not record the cases experienced by temp workers who are supervised by the using firm
- Owner-operators (gray area) – You would not record these injuries, as they are an independent contractor.

1904.32 – ANNUAL SUMMARY (OSHA 300A OR EQUIV.)

A company executive must certify the summary:

- An owner of the company
- An officer of the corporation
- The highest ranking company official working at the establishment, or
- His or her supervisor

Must post for 3-month period from February 1 to April 30 of the year following the year covered by the summary

1904.33 – RETENTION AND UPDATING

- Retain forms for 5 years following the year that they cover
- Update the OSHA Form 300 during that period
- Need not update the OSHA Form 300A or OSHA Form 301

UPDATED 1904.39 – FATALITY/CATASTROPHE REPORTING

Previously, employers had to report the following events to OSHA:

- All work-related fatalities
- All work-related hospitalizations of three or more employees

(1/1/15) Now, employers have to report the following events to OSHA:

- All work-related fatalities
- All work-related in-patient hospitalizations of one or more employees
- All work-related amputations
- All work-related losses of an eye

UPDATED 1904.39 – FATALITY/CATASTROPHE REPORTING

Employers must report work-related fatalities within 8 hours of finding out about it.

For any in-patient hospitalization, amputation, or eye loss employers must report the incident within 24 hours of learning about it.

- Do not need to report highway or public street motor vehicle accidents involving the above (outside of a construction work zone)
- Still must record within OSHA records

1904.36 PROHIBITION AGAINST DISCRIMINATION

*Must implement by December 1, 2016**

FAQ: POST-INCIDENT DRUG TESTING

May an employer require post-incident drug testing for an employee who reports a workplace injury or illness?

The rule does not prohibit drug testing of employees. It only prohibits employers from using drug testing, or the threat of drug testing, as a form of retaliation against employees who report injuries or illnesses. If an employer conducts drug testing to comply with the requirements of a state or federal law or regulation, the employer's motive would not be retaliatory and this rule would not prohibit such testing.

Does the rule allow an employer to have an employee incentive program?

This rule does not prohibit incentive programs. However, employers must not create incentive programs that deter or discourage an employee from reporting an injury or illness. Incentive programs should encourage safe work practices and promote worker participation in safety-related activities.

NEW ELECTRONIC RECORDKEEPING REQUIREMENTS

- Employers with 250 or more employees in covered industries must electronically submit their OSHA 300A form for the year 2016 by July 1, 2017.
- These employers must electronically submit their OSHA 300A, OSHA 300 and 301 forms for 2017 by July 1, 2018.
- Beginning in 2019, (and every year thereafter) these employers must submit their OSHA 300A, OSHA 300, and 301 forms (for 2018) by March 2.

NEW ELECTRONIC RECORDKEEPING REQUIREMENTS

- Employers with 20-249 employees, in high hazard industries (which trucking has been classified), must electronically submit their OSHA 300A form for the year 2016 by July 1, 2017.
- These employers must electronically submit their OSHA 300A information for 2017 by July 1, 2018.
- Beginning in 2019 (and every year thereafter) these employers must submit their OSHA 300A information (for 2018) by March 2.
- Employers with less than 20 employees will not have to report information electronically, but will still have to have an OSHA 300 Log.

FAQ: SIZE OF ESTABLISHMENT VS. FIRM

Are the electronic reporting requirements based on the size of the establishment or the size of the firm?

- The electronic reporting requirements are based on the size of the establishment, not the firm.
- An establishment is defined as a single physical location where business is conducted

FAQ: HOW TO SUBMIT DATA
